

PROPOSAL NAME:

Enable Annual Working Group Budget Proposals

PROPOSAL CATEGORY:

Process

TEAM DESCRIPTION:

Gm, Amplify is an Ape who has authored and passed many AIPs in the past. This AIP serves to correct one of his mistakes.

ABSTRACT:

AIP-239 states:

“To request Working Group funds, Leads of each Working Group will submit Ecosystem Fund Allocation Proposals [as defined in AIP-1 Proposing the DAO \('Ecosystem Fund Allocation Proposal'\)](#) in the form of a Working Group Budget Proposal within the final 15 days (inclusive) of the months of, February and August each calendar year (each a 'Funding Window').”

This AIP, if passed, would simply afford Working Group Leads the flexibility to submit budgets for a term of their choosing (not limited to 1 year), regardless of whichever Funding Window they choose.

BENEFIT TO APECOIN ECOSYSTEM:

This AIP would serve to reduce voter apathy and administrative overhead.

KEY TERMS:

Working Group Budget Proposal

: A budget proposal submitted to the DAO by the Lead of any Working Group in order to fund the execution of their charter or larger initiatives.

STEPS TO IMPLEMENT & TIMELINE:

Upon approval, this AIP would allow Working Group Leads to submit budgets for a term of their choosing during a funding window of their choice.

OVERALL COST:

None
