

Hello, The Persian New Year which is Nowruz begins on March 21. I want to hold a challenge in Persian community during the Nowruz holiday. This challenge will be on Telegram. we will attract new members and also give New Year gift to old members.

Challenge info:

Ask some questions all about the recent events of the project.

I'll ask 8 questions with 4 option and for each question, 3 members will be rewarded. Totally for all of them we'll have 24 gift and the limit for every member is 4 gift. For example if a member answer all questions then he'll get 4 gift finally. It is useful because we give other people a chance to get a gift.

Budget:

Each gift is 5 SCRT

Each question needs 15 SCRT

Requested budget in total is 120 SCRT
