

Liquidity Mining Program

There are currently no active "liquidity mining" campaigns for Aperture (Feb 2024).

Vesting Timeline for LM Campaigns : AKA "when will I receive my tokens"? Post TGE, 10% of the Aperture tokens earned through the LM program are immediately unlocked, with the remaining 90% set to vest over 12 months. While not guaranteed—Aperture does aim to TGE in Q1, 2024 if market and other conditions permit.

Manta Pacific Liquidity Mining 1

[10/03 00:01 ~10/17 23:59 California Time (GMT-7)]

A grand total of 5,000,000 Aperture tokens, equivalent to 0.5% of the overall token supply, will be distributed to liquidity providers (LPs) across three specific pools.

- 2,500,000 APTR (0.25%) will be awarded to LPs in the WETH-USDT or WETH-USDC pool.
- 1,250,000 APTR (0.125%) will be awarded to LPs in the USDC-USDT pool.
- 1,250,000 APTR (0.125%) will be awarded to LPs in the WETH-wstETH pool.
-

Pacific Grants TVL Campaign

[10/03 00:01 ~11/14/2023 UTC]

Manta Pacific Grants allocated MANTA token incentives to individual DeFi projects. Aperture received 50K MANTA tokens which were passed on to users based on their TVL contributions during the campaign period.

Manta Pacific Liquidity Mining 2

[1/2024]

A grand total of 500,000 Aperture tokens will be distributed to liquidity providers (LPs) across three specific pairs.

- STONE-ETH, all fee tiers
- wUSDM-USDC, all fee tiers
- LAB.m-ETH, all fee tiers
