

# Claim Rewards

You can claim and vest your rewards by visiting the rewards page [staking.illuvium.io/rewards](https://staking.illuvium.io/rewards)

## Select Rewards

Choose the pool you would like to claim rewards from. In Staking v2, you can now claim rewards from both pools simultaneously in sILV2 or ILV. You can also choose to claim rewards from a single pool.

When you're ready to claim your rewards, click 'Claim Selected Rewards' and your wallet will ask you to confirm the transaction. Once the transaction is confirmed, your rewards will begin to vest on the vesting page.
