- Provide full custody of the claimed items to the players, allowing them to use, sell, or trade these within the entire game.

Timeline:

The implementation will begin immediately post-approval, aiming to complete within 30 days.

Overall Cost:

The total cost for implementing Ape Oasis is symbolically set at 1 ApeCoin – practically a steal! This nominal fee, a playful nod to our savvy in cost management, covers the integration of Ape Oasis within ScarQuest.

It's our whimsical way of saying "nearly free," reflecting our commitment to delivering value to the BAYC community without burdening the budget. Consider this a lighthearted token of our dedication to both the ScarQuest universe and the beloved BAYC holders, uniting under the banner of fun and strategic gaming.
