The magic of Laughing Ape goes beyond just comedy; it's about bringing people together for an unforgettable experience. Watching a live comedy show streamed into our Below Bored Comedy Club Metaverse venue, you're more than just an audience member; you're part of the show that includes creating avatars, playing games, exploring our architecture, and connecting with others as you enjoy live comedy.

Comedy is an art that thrives on connection, and our comedians feel that energy too. They now have the chance to perform live from the comfort of their homes while engaging with audiences in real time, whether through a screen or in person. For the first time, comedians can reach a global fanbase without leaving their own space.

But we're not just in the digital world. We've hosted IRL comedy shows in some amazing locations around the world, from ETH Denver to NFT NYC, Consensus Austin, and ApeFest Lisbon. These shows are not just live but are streamed straight into our Below Bored Comedy Club Metaverse (Currently in Monaverse + coming soon to Otherside) and Discord, allowing anyone to join in on the fun no matter where they are.
