PROPOSAL NAME:

ApeCoin DAO Sponsors Delegation

PROPOSAL CATEGORY:

Ecosystem Fund Allocation

ABSTRACT:

This proposal aims to increase awareness and incentivize more \$APE holders to delegate their ApeCoin to people and/or groups they support to add more \$APE into the overall DAO ecosystem. The DAO will sponsor delegation for users who wish to delegate that have 50+ \$APE. This means a user can come to <https://delegate.apecoin.com/> and select to delegate a person/group and sign and done. The DAO will handle the backend transaction by paying the gas fee.

BENEFIT TO APECOIN ECOSYSTEM:

- Delegated Individuals/Groups can raise more \$APE more effectively.
- The DAO is investing in growth and user base by expanding its exposure.
- Users can delegate and have an optimized experience.

PLATFORMS & TECHNOLOGIES:

Will need to implement a technology to handle the on-chain gas fees as they come in to be settled right away.

STEPS TO IMPLEMENT & TIMELINE:

Add a layer to view how much \$APE a user has to auto-trigger a sponsored delegation.

Only delegating gets sponsored, not un-delegating.

OVERALL COST:

0 \$APE
