FAQ

FAQ

Q: Can I use RPC Node without an RPC key? A: Yes, but it's rate-limited. We recommend using an RPC key for the best experience.

Q: How are CUs allocated across my organization? A: CUs are pooled at the organization level and can be used across multiple projects and RPC keys.

Additional Terms

- CUs don't roll over between billing cycles
- CU costs for specific methods may change with 30 days notice
- Accounts inactive for 90 days may be suspended
- Enterprise accounts include a 99.9% uptime SLA [Previous Pricing and Plans](#) [Next Customization](#) Last updated 1 month ago
