

Dear ApeCoin Community,

I am pleased to share the transparency report for June and July. These reports will continue to be shared monthly, reflecting our commitment to transparency within our working groups.

June: Wrapping Up Elections and Kicking Off New Initiatives

The ApeCoin DAO elections were a success, and we are thrilled to welcome 5 new stewards and 1 new special council member to the DAO. Their contributions will be invaluable as we continue to push the DAO forward. The new members are:

- [@DeSmart](#)
- [@Yumi](#)
- [@Johnny_2](#)
- [@PhilWatkins](#)
- [@romantik](#)
- [@mo_ezz14](#)

We also had [@AllCityBAYC](#) and [@Waabam](#) who were reelected to their roles!

In addition, we have officially kicked off the APE_U

initiative, designed to bring more educational opportunities and resources to our community and AIP Authors. We encourage everyone to engage and make the most of these new learning avenues. Check out [this tweet](#) to learn more!

We are also excited to announce that [ShotgunTobi](#) has joined us full-time as a content creator and program coordinator. She has been a massive contributor to the GWG, and we are super excited to have her on the team!

July: New Tools and Programs for Greater Efficiency

In July, we launched a new accounting platform, Request Finance

, which will significantly streamline our financial operations. This platform will help us track budgets more effectively and simplify service provider payments, ensuring that our financial processes are as transparent and efficient as possible.

Additionally, we are proud to [announce the launch](#) of the ApeCoin GWG x UMA Small Grants Program

. This initiative is designed to support innovative projects within our community. A few grants have already been awarded to community members ([Mutants Beer](#), [ApesPlus](#)), and we look forward to seeing the impact these projects will have on the DAO.

Finally, we held a Global Community Committee call with our global delegate community, where we discussed several important topics, including AIPs and the development of ApeChain.

These discussions are crucial for aligning our global community and ensuring that we move forward with a shared vision.

We had 13 AIPs passed during the months of June and July! Congrats to all these new AIP authors! Check out the [Accepted AIPs category](#) for all the details!

Keep your eyes out for the Q2 Transparency report that will be hitting the forum in the next couple of days!

We are looking forward to a JAM PACKED August! Thank you for your continued support of the GWG
