

# Summary

A proposal to increase the borrow cap for WETH on Aave V3 Arbitrum:

## Motivation

The borrow cap for WETH on Arbitrum is currently at a ~93% utilization, which we anticipate will be quickly filled following the [increase of the wstETH supply cap](#) by users borrowing the remaining WETH against it.

We recommend increasing the cap by 2X from 20,000 to 40,000, utilizing the Risk Steward process.
