[Token #9353 -

ApeCoin DAO](<https://www.apecoinmarketplace.com/collections/0x34d85c9cdeb23fa97cb08333b511ac86e1c4e258/tokens/9353>)

undefined

I was a bit disappointed that I couldn't submit my offer via [Apecoinmarketplace.com](https://www.apecoinmarketplace.com) using \$APE coins, but can do it in Opensea platform.

The project leader needs to improve their their engagement with the developer to promote \$APE usage... I think ...and create more value to the APE holders.

Would be great if someone can comment on this subject. Thanks Ken
