

Welcome to our weekly update on new VIP Affiliate Program applicants. This report highlights the exceptional individuals joining our ecosystem and contributing to dYdX's growth.

We are launching this on-chain proposal to whitelist the following VIP affiliates. Once the VIP affiliate's address is whitelisted and their respective affiliate link is available, VIP Affiliates will qualify to earn up to 50% of referred user taker fees, with a maximum of \$10,000 per referral per 30-day rolling period. Please note that the revenue share percentage and revenue cap are not fixed indefinitely; they can be adjusted at any time through a dYdX Chain governance proposal

We're committed to consistently reviewing VIP affiliate applications, demoting underperforming VIP affiliates, and conducting outreach to bring in more high-potential affiliates each week—while ensuring we maintain a high standard for VIP acceptance.
