

Swap2Earn

1. Overview

The Swap2Earn offered by zkSwap Finance is a unique and distinctive feature that encourages users to engage with our platform, creating a competitive atmosphere for traders and honoring ALL user participation.

Our motto is "the more you contribute, the more rewards you receive." The [SwapBoard](#) tracks all trading activities on the platform and rewards all participants accordingly. Activities are consolidated in a personalized dashboard.

Remember to Register for the [Swap2Earn](#) campaign. Register only once for a lifetime Scoring Structure:

Activity Description Swapping * Swap 1 = 1 zkPoint * Your Boost * Max zkPoint : Unlimited * Invitation Mission * 20% of all invitees zkPoint during active cycle * 5% for lifetime * Max referral: Unlimited * Your Boost = $1 + 400 * (\text{Your staked ZF in the DAO Pool}) / (\text{Total ZF Supply})$

Cycle

Each cycle starts on the 1st and 16th of each month and ends just before the beginning of a new cycle.

To ensure a level playing field, the rankings and zkPoint will be reset automatically at the end of each cycle. This gives all users an equal opportunity to earn rewards every cycle.

Reward:

Total Reward: The total reward for the Swap2Earn is 20% (200.000.000 ZF) of the total supply over 3 years.

Cycle rewards are determined by time and emission rate, and distributed proportionally based on zkSwap zkPoint.

Claim Time: rewards are distributed on the 1st and 16th of every month and can be claimed at <https://zkswap.finance/earn/rewards>

Here is how the reward amount is calculated:

$$\begin{aligned} \text{yourCycleReward} &= (\text{yourCyclePoint} / \text{totalCyclePoint}) * \text{cycleTotalReward} \\ \text{yourCycleReward} &= (\text{yourCyclePoint} / \text{totalCyclePoint}) * \text{cycleTotalReward} \\ &= (\text{yourCyclePoint} / \text{totalCyclePoint}) \\ &\quad * \text{cycleTotalReward} \end{aligned}$$

How To Participate Swap2Earn

- Access to <https://zkswap.finance/swapboard>
- Click "Register" Button and create your profile (tutorial
-)
-

Example :

Cycle 1 2 Your Swap Volume 100 100 Your Boost 1x 2x Your Cycle zkPoint 100 200 Total Cycle zkPoint 2000 2000 Your Reward Percent 5% 10% Total Cycle Reward 10000 ZF 10000 ZF Your Reward 500 ZF 1000 ZF
