MMC Payouts and Other Tweaks Users today experience quite a lot of volatility in the tournament. Even the top, most consistent users can experience significant swings. With MMC payouts, users will have access to a scoring system that improves the current tournament structure in three main ways:

More consistent payouts (less burn periods and less severe burns) More efficient allocation of the payout pool towards top contributing users Not easily exploitable

How to Participate Users will be ab...

that is what happened with that 100K cap

We will be increasing that stake limit to 200k NMR immediately.
