

Are you interested in having your Liquid Staking Tokens (LST) available for restaking with EigenLayer? We invite you to introduce your project to the EigenLayer community for further discussion.

To participate, please provide the following information:

Your name and role within the project.

An introduction to your project, highlighting its goals and unique features.

The token address associated with your project.

Any additional details or insights you believe the EigenLayer community would find valuable.

This is an excellent opportunity to engage with our community and showcase your project's potential in the EigenLayer ecosystem. We look forward to learning more about your project and exploring how it can contribute to the Restaking Collective!
