

Cycle 18 began on Thursday (January 25th) at 19:00 GMT and runs until Wednesday (February 14th) at 19:00 GMT. Additionally, the Citizens' House will have a one-week period to veto any Protocol Upgrades approved by the Token House, immediately following the conclusion of the Token House Voting Period.

A snapshot of delegate voting weights will be taken at the time votes go live. Voting will take place at <https://vote.optimism.io/> starting on February 8th at 19:00 GMT. Citizens' House vetos occur via Snapshot.

Mission Requests will be approval ranked under each Intent until the budget for that Intent is depleted. See [How to Vote on Mission Requests](#).

The following Mission Requests have received the required delegate approvals and will move to a vote in Cycle #18:

- [Protocol Upgrade #4](#)
- The Code of Conduct Council did not make any enforcement decisions during Cycle #18

so there will be not optimistic approval of their actions during this cycle

- Intent #1
