

Security

Independent Audits

The protocol has been audited by the [Informal Systems\(opens in a new tab\)](#) team. Additional audits are planned as more protocol code is developed.

You can find all finalized audit reports in the [v4_chain audits folder\(opens in a new tab\)](#).

Bug Bounty

With all core dYdX Chain (v4) software GitHub repos now made public, we are inviting the community to help us identify any vulnerabilities to improve the security of the dYdX Chain.

To find more details, please see our blog post [here\(opens in a new tab\)](#) !
