The APE token price continues to struggle, as the ApeCoin DAO fails to generate positive growth despite ongoing efforts. Although the treasury continues to issue grants worth several million dollars intended to make positive impacts and increase exposure, these initiatives have not yielded the desired results. Even the addition of working group steward positions has not produced tangible benefits for the community or DAO.

Here is a suggestion to reduce the salary of all administrative staff to a flat rate of \$5,000:

Special council: \$5,000

Working group steward: \$5,000

Facilitators: \$5,000

Secretary: \$5,000
