

Import an Existing Wallet

import any existing wallet into your new ME wallet[Suggest Edits](#)

Step 1

- Export your secret phrase from your existing wallet provider.* This process differs slightly depending on which wallet provider you were previously using. Typically check in 'settings', find your account, and look for a button that says 'reveal secret phrase'.
- Note down your secret recovery phrase (which you should already have saved offline!!) and proceed to the next step.

Step 2

- Download the browser extension[here](#)
- .
- Once installed, make sure to pin the extension.

Step 3

- Click the extension and go to "I Have A Wallet"

Step 4

- Enter your secret recovery phrase into the 12-word input. Ensure the phrase is in the correct order.
- Enter a password that you will use to access your wallet.
- Click "Restore Wallet Now".

That's it!

Enjoy using your existing account within the ME wallet. If you have more questions please refer to our help articles[here](#) .
