

ABSTRACT

The proposal suggests adding a new category to the Ape Coin DAO forum, aiming to create an ecosystem that enhances AIP authors' productivity, enables DAO contributors to join the AIP team, and improves transparency for DAO members.

MOTIVATION

- The existing forum structure lacks open threads for implemented AIP authors to share their status and progress, which limits transparency.
- There is no dedicated section for approved authors to communicate, exchange ideas, and address critical execution issues.
- Not everyone has access to ApeCoin administration contacts to address specific concerns.

RATIONALE

The rationale behind this proposal is to make simple changes, such as adding a new category, as it brings significant benefits at NO cost. This addition will provide value to implemented AIPs, their authors, all DAO members, and aspiring authors who wish to share their initial ideas.

SPECIFICATION

[

2023-05-18_14.54.36

890×660 29.8 KB

](<https://global.discourse-cdn.com/apecoin/original/2X/d/dd7be16eb9910ec8ae62267664c0c97517ddfaa6.png>)

Once a new category is added, the forum structure will appear as follows:

ADDING A NEW CATEGORY AND TOPICS

I propose adding the "AIP Execution and Transparency" category with the following description:

Track the progress of AIP authors, facilitate idea exchange, and promote transparency in the execution of implemented AIPs

The category will include the following 4 topics:

1. Author and Administration Contacts
2. Pinned thread: Contains AIP authors' contacts with links to their AIPs and contact information for all current members of the ApeCoin administration.
3. The administration promptly updates the contacts of new authors after their AIPs are approved.
4. AIP Implementation Updates

Open sub-section with AIP implementation logs: Used to inform the DAO about the author's activities and the current implementation status.

1. Author Networking Zone

Closed Discussion section for authors only: Provides a space for authors to seek assistance, exchange experiences, and establish partnerships with other authors.

1. HR Section for Approved AIP
2. Only authors of approved AIPs can create threads to recruit candidates.
3. People in the DAO ecosystem can participate in specific projects (AIPs).
4. This section enables specialists who support a particular AIP to join the team and contribute to the common cause.

STEPS TO IMPLEMENT

The ApeCoin forum moderators would need to

1. Add a new category with a description to the ApeCoin forum structure.
2. Add new topics to the created category.

3. Implement the system described in each topic.

TIMELINE

This would be determined by the ApeCoin Forum Moderators, but all of the above could be completed in 1-3 days.

OVERALL COST

There is no cost to this change.
