Abstract Summary:

The goal of this proposal is to establish the ApeCoin DAO Development Working Group.

"Build income generating projects for the ApeCoin DAO, ApeCoin Initiatives like ThankApe, Boring Security DAO, MBA licensed projects and the ApeCoin community. ApeChain will be a strong focus point once we reach that point."

Working Groups enable a sustainable community-led infrastructure that further decentralizes the DAO, creates operational efficiency, and is flexible enough to adapt to any opportunities that may arise.

Overall Cost:

\$0

This AIP serves as an initial framework to establish this Working Group. The three elected Stewards would propose a budget 1-3 weeks after being onboarded.
