

Updates

Executives

- In May, we provided support to the following executives:
- Reviewer role for [May 16th](#)
- Crafter and Reviewer role for [May 30th](#)
- Reviewer role for [May 16th](#)
- Crafter and Reviewer role for [May 30th](#)

Protocol Engineering Scope - Protocol Security workstream:

- Collaborating with Atlas Axis as input giver on the Spell Process related topics, using as reference the work done [here](#)
- Enabling MakerCore Governance Facilitator teams to react fast under emergency situations through [a pre-deployed set of spells](#) which trigger MOM contracts without the need of dev teams.
- Bringing [Protego](#) to the finish line in order for governance to have a new asset in their protocol security tool set.
- Facilitating the Wonderland and Certora onboarding into Spark SubDAO spell crafting.
- Monthly spell improvement meetings: the focus in the last month was to communicate broadly to wider stakeholders the [Spell Schedule](#) and enforce it consistently.

Endgame workstream

- Participating in the litePSM launch plan discussion and implementing the deployment and [migration scripts which are about to be audited](#)
- Work on a new dss-cron job for the endgame yield farms was [finalized](#). The discussion is now focused into how to structure the integration testing phase
