

Updates

Dewiz presented our services to the Regenerative Finance AVC on their weekly meeting on [Aug 22nd](#)

Executives

- In August we provided support to the following executive:
- Crafter role for [Aug 30th](#) and [Aug 2nd](#)
- Reviewer role for [Aug 17th](#)
- Crafter role for [Aug 30th](#) and [Aug 2nd](#)
- Reviewer role for [Aug 17th](#)
- Dewiz has successfully hired 2 new contributors to the team. The focus is to get them up to speed in terms of Maker protocol knowledge and start shadowing spell crafting and reviewer activities in order to increase the Spell crafter/reviewer pool of available developers.

Protocol Engineering Scope - Governance Security Engineering Work PM

- As an action item from our assessment of usage on tooling available to smart contract EAs, we have organized - in collaboration with Certora - a Formal Verification training which will take place later in the year. This will improve the usage and understanding of Certora's tooling and further ensure safe smart contract implementation best practices. Several EAs will join the training remotely.
