

# Weekly Governance Recaps by Boardroom

Boardroom, in collaboration with the AAVE Grants DAO, has provided a weekly recap on the Governance updates about Aave. Boardroom remains committed to increasing informed participation in governance.

Our weekly Governance updates are continuing on the Aave governance forum. Starting with the new year and the activation of Aave Governance V3, we are creating a new forum post for weekly updates in Aave.

Within our weekly recap, we'll provide a look back at the following items for the past week:

- Proposals
- Critical Discussions
- Governance Changes
- Impactful Operating Suggestions

We'd love to hear your feedback and any suggestions you might have to improve the content.
