

As outlined in the [Anticapture Commission](#) proposal, Commission members must elect a Lead at the start of Season 5. The Commission Lead must:

- Qualify to be a member of the Anticapture Commission (Current Council Leads are not eligible to be the Commission Lead)
- Draft the Commission's Internal Operating Procedures by January 24th
- Organize regular commission meetings. It is suggested that meeting minutes or summaries be made available to the community.
- Execute votes from the delegation wallet, according to the outcomes of commission votes (possibly via a commission snapshot space)
- Author, or coordinate authorship, of any reports circulated to the Citizens' House, according to the process outlined [here](#). A report must have 4 delegate approvals from commission members to be considered valid.
- Calculate qualifying delegates at the mid-point of the Season and before the start of the next Season, including assessment of whether Members have upheld the Member Responsibilities
- Exercise decision-making authority in the event that the commission cannot come to consensus on a matter (ie. serve as tie breaker).

Any [qualifying member](#) of the Commission may self-nominate themselves by posting their nomination on the forum by January 2nd at 23:59 GMT. Self-nominations should follow the template below.

The Commission Lead will be elected by Commission members between January 4th - January 11th via a simple majority vote, likely conducted via a public Commission Snapshot space. The first Token House vote of Season 5 will begin January 18th.
