

Retroactive Delegate Rewards for Season 1 & 2

The Optimism Foundation recognizes the incredible work Token House delegates have put in over the last six months. The workload for delegates was very intense and we appreciate your dedication, feedback, and willingness to iterate. In recognition of this work, the Foundation will retroactively reward the top active delegates from Seasons 1 & 2.

Delegates with >0.5% voting power are eligible to receive 10,500 OP, if they meet the below criteria.

Delegates with >0.25% but <0.5% voting power are eligible to receive 8,000 OP, if they meet the below criteria.

These criteria, while imperfect, attempt to take into account a delegate's reputation, voting participation, and voting quality. Please remember this criteria is only being used for Season 2 and is likely to change in the future Seasons as governance evolves.

Consistent with other grant distributions, delegate rewards will be subject to a KYC and claims flow process.

In Season 3, rewards will be pre-defined for all Council positions, if the [Grants Council](#) is approved. All other delegate rewards will continue to be allocated retroactively. As Collective governance processes are still highly experimental, there may be large shifts in delegate responsibility and activity levels between Seasons. Distributing rewards retroactively allows for flexibility in the face of this high variability.

Once governance has stabilized, an ongoing delegate rewards policy may be implemented, subject to a governance vote. This round of retroactive delegate rewards will be allocated from the “Unallocated” portion of the Ecosystem Fund, not the Governance Fund (and is therefore not subject to Token House approval).

Delegates are a critical part of Optimism governance. Without delegates, we cannot effectively translate individual needs and wants into Collective action. We know participating in Token House governance requires a serious time commitment and are beyond grateful for your engagement in governance, as it benefits the whole Collective.
