## **\$APE Assembly Roles & Agenda**

\$APE Assembly Agenda - Wednesday, July 5, 10:00 AM PST The Ape Assembly represents some of the most passionate and engaged members of the ApeCoin DAO. In order for this group to remain nimble and effective, it's important we design a structure in...

A regular cadence of monthly meets will kick off starting in July. By spreading an agenda ahead of time, members can choose whether to attend or ask another, or even send a representative on important topics that are added. I'd like to discuss further how we can choose the topics approached soon.

Questions surrounding the early setup of a multi-sig wallet are core to this first meeting. While there are a few suggestions for topics such as Voting Reform & Thank Ape on the secondary agenda, these primary topics discussed will be important timing and temporary appointment of individuals.

An important committee being discussed is the Legal Committee. The Ape Assembly is separate from the Ape Foundation and is not Foundation members DBA either. An emphasis on devoting a majority of efforts and initial budget towards legal resources could be pivotal in setup.

Over the summer, we will surely encounter a variety of topics. At this time, the Ape Assembly has a minimal budget and human resources. Getting key people into the room is more important than who holds a chairman title. Committees can be very powerful. Here are my recs for legal:

- Are we a sub-dao? Do we represent the Apecoin DAO?
- Clear education for leaders on the definition of a DAO voting mechanism
- Legal opinions and case studies explored to share with the community
- Educating and involving other ApeAssem participants along the way

As we dive into early conversations and prepare for 2 rounds of elections, the work ahead with the Ape Assembly is important. Getting a fair group of us in the same room for AA legal guidance is something we could prioritize with likely great results. It'll cost most of the first couple months budget to do.

The first meeting is scheduled for this Thursday, June 15th, 8am PST.
