

Delegate Name: PGov

Delegate Address: 0x3fb19771947072629c8eee7995a2ef23b72d4c8a

Forum Handle: [@PGov](#)

Email: PGovteam@gmail.com

Core Principles:

- Transparency: Clear communication with votes and explanations of reasoning
- Growth: We see great potential for Arbitrum and look forward to helping the chain grow as much as possible
- Real-World Use Cases: We see great use cases in the future for RWA and web2/web3 connecting and look forward to seeing where the RWA use cases will go.
- Diversification: With Arbitrum controlling the largest DAO treasury in defi currently, we're excited and always looking for ways to diversify and innovatively allocate funding to deserving projects and ideas.

Delegate Statement:

We're a team of dedicated governance enthusiasts who have been in the crypto governance space for over two years now! Arbitrum is uniquely positioned in defi and with its incredible foundation and treasury, it has some of the most unique governance initiatives we've seen across all of defi!

Our primary goal is to use the knowledge we have learned in the past few years to help grow ARB and its community. We've been keeping track of ARB since day one and are excited to be here for the ride!

Conflicts of Interest & Resolution:

- Abstain from the vote if a situation arises a conflict of interest, and clearly state on forums the conflict.
