

As the [snapshot voting](#) has passed, a 5-day period will begin where delegates that meet the below application criteria are encouraged to post their application to be considered for delegation. As this post is posted around November 6th 2023 5PM CET, the deadline will be November 11th 2023 5PM CET.

In cases where there are more than Four qualified applicants, there will be an additional Snapshot vote to determine the top Four. Once Four or fewer applicants are selected (in case there are not enough delegates that meet the criteria), it will proceed to an onchain vote.

Participation Requirements

- Must have voted on 80% (or more) of proposals (minus the proposals that were canceled) over the last 3 months (as of the date when this proposal is passed on Snapshot). This includes both Snapshot and Onchain proposals (such as Tally or Agora). So 80% of Snapshot

For snapshot, the last voting was “[Temperature Check]: Delegation of UNI to Active but Underrepresented Delegates” . The first voting that counts for past 3 months is “[Temperature Check] Migrate the Celo Uniswap V3 Factory Contract owner from Optics to Wormhole”

For Onchain voting, the last voting was “Deploy Uniswap V3 on Scroll”. The first voting that counts for past 3 months is “Migrate the Celo Uniswap V3 Factory Contract owner from Optics to Wormhole”

- Must have actively participated in proposal voting for more than 3 months and have a Delegate Platform on Uniswap Forum under Delegation Pitch (If a delegate doesn't have it yet, one can create it before applying).

Application Criteria

- Meets the above Participation Requirements
- Voting Power is less than 2.5 million UNI (as of the date when this proposal is passed on Snapshot).
