Introduction:

I am degentradingLSD on twitter/X. I have a deep understanding of markets mechanics, incentives and commercial knowledge.

Why am i doing this:

Lido is a critical infrastructure piece in the crypto ecosystem. I believe that this is an unique opportunity to contribute meaningfully to the decentralized ecosystem via governance. Especially with the issues of voter apathy and the inability to meet quorum on important votes. I will do my best to advocate for AND generate interest within the broader community towards participation.

Decision-Making Approach:

I will make decisions that aligns towards decentralization, resiliency and Numba Go Up (NGU).

Public Acceptance:

I accept Lido DAO delegate Code of Conduct and Aligned with [Lido's Vibe (Purpose, Mission, Vision)

Disclosures:

I own LDO

Waiver of Liability

By delegating to Degentrading, you understand and accept that my involvement in the Lido Protocol, as well as other DAO-related activities, will be conducted with my best effort and commitment. I cannot be held responsible for any potential losses or damages that may result from my participation especially for circumstances out of my control.
