

It's with mixed feelings that we say goodbye to Ertemann as a member of the SNF team at the end of this month. Ertemann, after making a huge impact in his short time with SNF (not to mention his long time with the network), has decided to focus on his other projects, and we wish him the best of everything. His help during the transition has been invaluable, and he will remain a member of the Secret family. We will miss his daily inputs but are grateful that his deep knowledge of Secret will be staying within the ecosystem! So long for now, and good luck, Ertemann!
