

Hi team, I'd like to update you on the functionalities we've implemented in Holesky Safe:

Safe UI:

<https://holesky-safe.protofire.io>

Added Spending Limit Module:

The Spending Limits module enables users to establish rules for specific beneficiaries to access funds from a Safe without requiring all signatures.

Learn more: [Spending Limits Module](#)

EIP-1271 in Chain Features Configuration:

We've incorporated EIP-1271 functionality. If you're interested in testing off-chain signing, you can explore the [eip1271-test-dapp](#) by providing the chainID and connecting with the Safe's wallet via the Safe App.
