

AVC Member Participation Rewards - Q1 2024

This forum post is the official record of Aligned Voter Committee (AVC) Member Participation Rewards for Q1 2024.

We extend our gratitude to all AVCs for their service and contributions to Maker Governance.

Payment Amounts and Calculations

Per [The Atlas](#), AVC compensation is paid on a per member, per Scope basis.

- [20 million NewGovToken](#) for all Scopes annually
- This equals 1,000,000 NewGovToken or 41.67 MKR ([24,000:1 ratio](#)) per Scope, per Quarter
- This is [split evenly](#) across a total of [8 Reward Slots](#).
- Number of AVC Member Reward Slots = Number of paid Delegate (PD & RD) Slots.
- Number of AVC Member Reward Slots = Number of paid Delegate (PD & RD) Slots.
- As a [temporary measure](#), AVC Member Compensation is reduced by 20%.

Therefore, per Scope, each AVC Member can earn 4.17 MKR

in this Quarter.

As mentioned in this [forum comment](#), we will also account for January having 10 rewarded slots instead of 8.

AVC Participation Requirements and Member Eligibility

Summarizing the pertinent Atlas provisions, an AVC Member qualifies for Participation Rewards if two (2) general conditions are met:

- their respective AVC has fulfilled specific Participation Requirements so as to be considered “active”.
- the AVC Member has fulfilled specific criteria so as to be individually eligible for the Rewards.

AVC Member reward slots

The same 8 AVC members, each holding enough MKR, consistently occupied the top 8 rewarded slots across all five scopes. These members are:

[@lamMeeoh](#)

[@ACREinvest](#)

[@Res](#)

[@Harmony](#)

[@DAI-Vinci](#)

[@seedlatam](#)

[@opensky](#)

[@Libertas](#)

The following AVC Members occupied a rewarded slot during January:

[@0xRoot](#)

[@fhomoney](#) (This AVC Member did not meet the participation requirements)

You can verify this in the following Dune dashboard: <https://dune.com/queries/3129049/5220432>

Additionally, the spreadsheet used to calculate the rewards can be found here: [AVC Member Participation Reward Calculation - Google Sheets](#)

Payment Details

Below, we list all AVC Members who were co-authors of their AVC's Position Documents this Quarter. The Notes column indicates whether each Member met the further eligibility requirement of attending both Subcommittee Meetings devoted to each of the five (5) Scopes.

Occupied a rewarded slot during January, qualified for 2 Scopes

This Quarter, AVC Member Participation Rewards comes to a total of 175.14 MKR

Payments will be made in the upcoming Executive Vote scheduled for 2024-04-18.

Note on RISK AVC Status

RISK AVC was in [“pending” status](#) during Q1 2024. However, it did not publish Position Documents, among other requirements that were not met. Therefore, it cannot be considered “active” in Q2 2024, per [Atlas 2.5.3](#):

New AVC can become recognized as Active AVCs by the Governance Scope if they fulfill the AVC eligibility requirements for participation and internal governance for at least one full quarterly governance cycle.

Don’t hesitate to let us know if you have questions about any of the above.
