

Good day Maker Community!

Per [MIP51c4](#), there is no Monthly Governance Cycle in December due to the multitude of cultural and religious holidays occurring in and around that month.

Similarly, the Governance and dev teams have fixed the remaining Executive Vote cycles in 2023 to ensure there are no spells in December. The remaining Executive Votes are scheduled for:

- Nov 1st
- Nov 15th
- Nov 29th (potentially delayed to Dec 1st based on Holiday restrictions)

[@Aligned_Delegates](#), please note that your November 2023 compensation will be processed - along with that of December 2023 - in January 2024.
