

A few Apes got together and created a dope Yacht Party in Dubai. The idea was to create a unique experience all around the Ape theme including live DJ performance by DJ Ape, wearing his physical Ape mask, acrylic Ape on a Yacht painting and auction, VR Painting by Japanese Apes, Banana Pillows, Bored Vapes and an NFT necklace treasure hunt.

We want to extend the experience with more sick ideas and touring already to Portugal, Ibiza, Istanbul, back to Dubai and trying to get a way into F1 in Abu Dhabi at the closing race of the year plus further locations on the wishlist.

We can manage and fund a few basic things, but need the support of the community and ApeCoinDAO to really deliver the full vision into IRL.

Working on the Proposal and looking forward to any kind of feedback and support
