

Zero Gravity Points Reward System

Introducing the [Zero Gravity Space Travellers Reward Program](#) – where every action earns you valuable points that translate into real rewards in the form of ZERO tokens! Here's a breakdown of how the points distribution works:

QUESTS POINTS Join our Discord

Join and get Verified on Discord. 100 PTS Say GM in Discord

Head to the GM channel on Discord and say GM to get daily points. 10 PTS per gm/day Supply collateral to the lending market

Provide liquidity above 100 and get one point for every dollar supplied per day. 1 PTS per USD/day Borrow assets from the lending market

Borrow assets from the lending protocol to earn points. 4 PTS per USD/day Earn by referring a user

The user will earn, e.g., 100+20% points, and the referer will earn 20% of the task points as a referral reward. 20% Referral Bonus

Points and Conversion in ZERO

1 point = 1 USD per day. If a user accumulates 1% of all points awarded, they will be entitled to 1% of 3% of the entire ZERO token supply.

This system means you could earn a substantial 0.03% of all ZERO tokens by engaging with the community and platform.

Airdrop Incentives

- Zero Gravity Space Travellers will be airdropped at 10%-18% of ZERO's circulating supply on launch.
- This airdrop is based on the accumulated points of each participant.
- Each point you hold is valued at 1 USD per day, making your activity directly contribute to your share of the airdrop.
-

Refer and Earn Points System

- We also have the 'Refer and Earn Points' System.
- Invite your fellow space travellers to join Zero Gravity and watch your points multiply.
