

Hi everyone, I have noticed that my Taiko tokens are not showing in my wallet.

My wallet address: 0x2AaCA37854E557b24629c2C786c469d6A5663676

can someone help me out as I made a transaction on Trailblazer → Dapps → Izumi and the address is 0x04830cfCED9772b8ACbAF76Cfc7A630Ad82c9148

I also asked this issue on discord but the moderator but he didn't understand my concern and blocked me. Guys pls help me in this regard. I did the trailblazer tasks of faction badges as well. Looking forward for the positive response.
