

Title: [ARFC] GHO Stewards - Adjustments GHO Borrow Cap

Author: [@karpatkey_TokenLogic](#) , [@ACI](#) [@ChaosLabs](#)

Created: 2024-04-08

Summary

A proposal to track adjustments to the GHO borrow cap.

Motivation

With the GHO Stewards permissions in place, this thread is to track adjustments to the GHO Borrow Cap and grant visibility to the Aave Community.

Specification

As the first proposed adjustment, the GHO borrow cap is to be increased in 1M.

Description

Next Steps

We will move forward and implement these updates via the GHO Steward process. We will closely monitor market behavior and evaluate this decision with every increase.
