

Hey Official Arbitrum Team,

We hope this message finds you in good spirits. On behalf of the KeplerHomes project, we would like to express our admiration for the vibrant ecosystem and positive atmosphere on Arbitrum One. We have been proudly deploying our project on the Arbitrum One chain for nearly a year, and we genuinely appreciate the sense of community and innovation here.

At KeplerHomes, we have devoted significant time and effort to building a reliable and engaging project that combines the elements of a AAA MMORPG with Play-to-Earn (P2E) Gamefi mechanics. Our game, Kepler, is a seamless 3D open-world experience that empowers players to shape a future world driven by their actions and choices. With thrilling PvP and PvE gameplay modes, players can assume the roles of formidable Warriors, skilled Maskmen, or mystical Invokers to embark on epic adventures within our vast game universe.

We want to emphasize that KeplerHomes is committed to adhering to the highest standards of integrity, security, and community engagement. Our team has diligently followed the guidelines set forth by Arbitrum, ensuring a trustworthy and compliant environment for our users. Additionally, we have integrated the

symbols, representing passion and loyalty, into almost every tweet we share to demonstrate our commitment to the ecosystem.

As we continue to evolve and expand the KeplerHomes community, we believe that collaboration with Official Arbitrum through marketing support would significantly enhance our project's visibility and attract a broader audience to the benefits of our game and ecosystem. Therefore, we kindly request your assistance in promoting KeplerHomes through various marketing channels and initiatives.

Our official website, located at <https://kepler.homes/>, serves as a comprehensive platform for users to explore the world of KeplerHomes, offering game updates, gameplay details, and a hub for community resources. Additionally, we maintain an active presence on Twitter (<https://twitter.com/KeplerHomes>) and Discord, where our passionate community gathers, engages in discussions, and receives real-time updates about the project.

We propose a strategic partnership with Official Arbitrum, where we could collaborate on joint marketing campaigns, feature KeplerHomes in official Arbitrum communications, social media posts, and blog articles, or organize events that highlight the strengths and unique features of our game. We are open to exploring tailored marketing initiatives that align with your objectives and guidelines, ensuring a mutually beneficial partnership that amplifies the visibility and credibility of both KeplerHomes and Arbitrum.

We sincerely appreciate your consideration of our proposal and are thrilled by the potential collaboration that lies ahead. With your support, we can showcase KeplerHomes to a wider audience, fostering growth within the Arbitrum ecosystem and delivering an exceptional gaming experience to players.

Should you require any further information or have any questions, please do not hesitate to reach out to us. We eagerly await the opportunity to discuss this proposal further and work together to propel KeplerHomes to new heights.

Thank you for your time and attention.
