

Recovering your wallet

Recover your keys if you've forgotten your keystore password If you've forgotten your password and can't access your keystore file, you will still be able to recover your keys using your recovery phrase.

Step 1: Click on 'Forgot password?'

Step 2: Now select the keystore file that you wish to restore using your recovery phrase, then click 'continue'.

Step 3: Now type in your recovery phrase and click on 'Continue'.

Step 4: Finally, set a new password for your wallet and click on 'Recover account'.

Step 5: Now you can click on 'Go to Dashboard' to access your wallet.
