

I am currently grasping the scale of OP collective governance structure and realms. I am trying to understand the Grant Council and its structure & purpose. Therefore my current questions are:

- Who are the current members of the Grant Council
- What size of funds are governed? And which fund is designated for the council to govern?
- Are the Council committees the same as in season 4 as in season 5 ( Growth & Governance)?
- Where does decision-making take place for the grant council and its committees?
