Timeline Updates:

Interview Q&A:

Interview: April 16, 2024

What are you working to accomplish before the end of the month?

We will be launching in 4 days! 4/20/2024 ! We will hopefully have ApeCoin Twitter Make an announcement however we every-time we submit a request it never happens. We will keep trying though! We have set up the NFTs and will begin scraping the wallet #'s and handing them out on 4/20/2024 ! Can see them here. [ApeCoin Armory Club NFTs on Rarible: Buy, Sell and Trade](#)

Have there been any delays or changes to the original timeline?

Yes sadly since was going to use ERC-721 C however we I spent months trying to figure out how to develop the code to allow it to give multiple NFTs after no luck then tested OpenSea and legit they removed the ability to create more then 20,000+ of each NFT lol. And since we will be giving out 150,000 to the first 150,000 ApeCoin holders that was not logically possible. Luckily Rareable team helped us save the day!

Do you have any updates regarding the budget?

Yes a ton sadly. I been getting a ton of sketchy emails from non @apecoin.com

example @webslinger.io

and @crestbridge.com

ect asking me for a ton of personal information that can be used to hack my accounts in threats of "canceling" the AIP lol. It is hard to see if they are legit or not and since I only asked for \$1 I don't mind if I don't get paid I guess, just an odd process if it is legit. I since I am doing this for basically free been trying to save up to afford the gas fees it is going to cost to give all these out. Fingers crossed.

How can the community support your initiative?

Would love tweets from the apecoin account and any engagement on them to get the word out! Also when we throw an

event in Decentraland and Otherside would love everyone if they can attend to try out their shields in the Metaverse. Will be fun.

Do you have anything you would like to tell the community?

4/20 !!! Must get your Yuga Lab NFT or own at least 1 ApeCoin by then to qualify for the Free Drop! Tell your friends tell your kids tell your wife!

Do you provide consent to share these questions with the community in this forum?

Yes thanks a ton!
