## Delegate Statement

Lampros DAO is an open community of builders and governance enthusiasts committed to transparency, decentralization, and inclusivity. Our mission is to empower new web3 builders, enhancing their skills and knowledge, to drive deeper decentralization in the ecosystem. Through active participation in governance and collaborative efforts, we strive to create a more transparent, inclusive, and resilient web3 landscape.

As a delegate of Arbitrum DAO, we are committed to contributing to the long-term success and decentralization of the Arbitrum ecosystem.

Lampros DAO's involvement in the Arbitrum DAO will be handled by a team of dedicated members from our DAO who are:

- Euphoria - [Forum Profile](#) - [Twitter](#).
- Chain-L - [Forum Profile](#) - [Twitter](#).
- Hirangi - [Forum Profile](#) - [Twitter](#).

This delegate profile will represent the collective efforts and insights of Lampros DAO in the Arbitrum governance process.

Our key areas of involvement include:

### 1. Governance Engagement

: We will regularly attend DAO governance meetings and forums, actively voicing the concerns of our community/delegators and advocating for policies that align with the DAO's core values.

### 1. Protocol Development

: Leveraging our technical expertise, we will contribute to developing and improving Arbitrum's core protocols wherever we can.

### 1. Ecosystem Expansion

: Recognizing the importance of a thriving community, Lampros DAO is dedicated to onboarding and supporting new projects building on Arbitrum. We will offer mentorship, technical guidance, sustainable finance and networking opportunities to foster innovation and growth.

### 1. Research and Education

: We are committed to creating and sharing valuable data and research about Arbitrum. Our team hosts sessions and workshops to help new and experienced users better understand the technology. We also contribute to research initiatives and bounties, providing datasets, dashboards, reports, and insights that help the community make informed decisions.

### 1. Geographic Growth Strategy

: Lampros DAO is committed to expanding Arbitrum's presence in Asia and Africa. We have a particular emphasis on real-world (IRL) efforts in Asia, leveraging our local connections and understanding of these markets to drive adoption and growth. While we have a focus on these regions, we remain committed to Arbitrum's global growth and success.

Through our multifaceted involvement, Lampros DAO aims to be a trusted and valuable delegate for the Arbitrum DAO. We are driven by a shared vision of a decentralized, innovative, and inclusive Arbitrum ecosystem, and we humbly seek the community's support to represent these principles.

## Lampros DAO Open Office Hours -

We will be hosting open office hours at Chora Club!

This is a great opportunity for anyone—whether you're new to Arbitrum DAO or an active participant—to connect with us, ask questions, discuss governance topics, or understand our voting rationale. Office hours will be held daily from 10 AM UTC to 12 PM UTC

, and you can book a slot to chat with one of our team members who will be available.

Here's the link to book your slot:[Lampros DAO](#).

Chora Club makes it easy for community members to connect with delegates, and we're here to answer your questions and share why Lampros DAO could be the right choice for your delegation.

We look forward to connecting with you!

This thread serves as a single location to review all of our voting decisions and associated rationale in the Arbitrum DAO.
