

Upgrade the database

If you are running on [21.10.0](#) or previous versions, perform a database upgrade to work with the latest version of Tessera.

- For non-H2 users, update the existing database schema by executing the appropriate [alter script](#)
- .
- For H2 users, a complete database migration is required before running the [alter script](#)
- . See more details from the [H2 release](#)
- and their recommended [upgrade process](#)
- . You can also refer to the [example migration scripts](#)
- . [Edit this page](#) Last updated on Oct 9, 2023 by [dependabot\[bot\]](#) [Previous Multi-tenancy migration](#) [Next Tutorials](#)
