

PROPOSAL NAME:

More facts less.....

TEAM DESCRIPTION:

[@FuriousAnger](#) - DAO member.

PROPOSAL DESCRIPTION:

The treasury dashboard should be removed as it is misleading.

The treasury UI displays (prominently) information which includes spent \$ape, locked \$ape & \$ape which is unavailable awaiting dispersal.

Unfortunately most of this cannot be fixed as the data is never available in real-time - so the dashboard will always be unfit for purpose.

BENEFIT TO APECOIN ECOSYSTEM:

Readers will no longer see misleading/poorly explained data/graphics which are outdated & non-factual.

DEFINITIONS:

Treasury Dashboard - website which is linked via the apecoin landing page.

(<https://apecointreasury.nodeblocks.io/>)

STEPS TO IMPLEMENT:

The treasury link will be removed from the apecoin landing page immediately upon approval.

OVERALL COST:

Zero.
