The Preamble: Why Your Vote Matters Now More Than Ever

We've kicked off Arbitrum #GovMonth

with unparalleled enthusiasm — our four JokeRace contests have garnered extraordinary attention, driving nearly 20,000 transactions on Arbitrum One. While this level of engagement is impressive, it's also attracted some bot activity. We need your voice to elevate all the great community submissions!

Uplift Community Submissions

We invite all eligible voters to take a few moments to upvote the valuable, legitimate submissions that genuinely contribute to our collective mission. To exercise your voting rights:

1. Visit our [JokeRace Contests](#)
2. Connect your wallet to check your eligibility (accounts that have voted in Snapshot and Tally for Arbitrum proposals should be allow-listed)
3. Cast your vote to back the submissions that best represent our community's mission, vision, and values.

Your vote serves a dual purpose: Not only does it help distribute 16,000 ARB in rewards to the deserving JokeRace contestants, but it also influences weeks 3 and 4 of #GovMonth

. The winning entries will be featured on the Ethelo platform to steer the direction of the Plurality Labs grants program.

Bonus: Earn Rewards for Your Civic Duty

As a token of appreciation for your community participation, we invite you to check if you qualify for additional rewards on [ThankARB](#). This platform offers various Arbitrum #GovMonth

opportunities that you won't want to miss.

Call to Action

- Go vote (if eligible) on our [JokeRace Contests](#).
- Register for [Thrivecoin](#).
- Follow us on [Twitter/X](#) and [Push Protocol](#) for future updates.

In Closing: Your Voice, Your Power

Your input is invaluable. By participating in this crucial voting process, you're playing an integral role in the governance and future trajectory of our community and its initiatives.

P.S.

Do not underestimate the ripple effect of your vote. Your choices now lay the foundation for a more equitable, community-driven future.
