

Dear OP forum,

Recently I have been trying to map out the Optimism Collective and its stakeholders in a flowchart. Something that is not clear to me is what the exact purpose is of the Partner and the Seed funds which the OP foundation administers.

Since that [BASE received around 10 million \(1-year vest\) & 106 million \(6-year vest\) OP grants from the Seed fund](#) Therefore, I was wondering what the main difference is between the Partner and the Seed fund is that the OP Foundation Administers.

Hope to receive some answers from the OP community soon!
