

Bug Bounties with Immunefi

Program overview

Lido Bug Bounty programs allow you to report a vulnerability and get up to 2,000,000.

We're using the [Immunefi platform](#) — the leading bug bounty platform for DeFi with the world's largest bounties.

[Lido Bug Bounty programs](#) focused on the prevention of loss of user funds, denial of service, governance hijacks, data breaches, and data leaks. We care about it and have already paid 250,000 for 7 Bug Bounties.

We have separate active programs for [Ethereum](#) and [Polygon](#) . [Edit this page](#) [Previous](#) [OssifiableProxy](#) [Next](#) [Mainnet](#)
