

I try to prepared a SWOT analysis for Lido that reveals strengths, weaknesses, opportunities and threats in briefly

I know the report is inaccurate the report is just an idea that I wanted to present to Lido community and through it with community help and through discussion and comments we can build correct report

to be useful for Lido and be able to summarize the current situation

and I want help from the community

please I hope to get ideas, comments and corrections for errors in this report

Please tell me in comments or contact me directly your opinion and ideas for modifying report

the report is just for discussion, and of course at in the end of the discussion we will reach useful things be benefit for Lido project

and in the end, from community comments I will write it again in better way

Of course the community has better information and ideas than me
