Concise statement on why you are running for the Governance WG Steward

Simply put, I want to see the ApeCoin DAO become the pinnacle of Web3 governance and show what a DAO can achieve when setup and ran the right way. The ApeCoin DAO has the opportunity to become the household name in Web3 culture, metaverse, and gaming. All of that rests on ensuring that we as a DAO, are structured and setup in a way to operate as efficient and effective as possible. I can appreciate all the hard work that has already been put in to the governance working group and think that my skills and knowledge can help propel us forward during my term as a steward.

Motivation

As someone who is a gamer and big proponent of the vision of a metaverse, I really believe there is no other organization that is positioned better then the ApeCoin DAO to be the leader in both these respective categories. That vision is what motivates me to do all that I can to ensure we don't fumble this incredible opportunity we have been given.
